dreams become reality'*

Nga Rangatira Homework

Dear Parent/Guardian,

Project Reminder

Children have been given a science research project which is due at the beginning of week 5. Please let us know if your child is needing any help.

Reading

We expect every child to **read** for at least **20min every night**.

Maths

We have just started up a new mathematics website for children to use at home and to help with improving their mathematics. It is called Sumdog (<http://www.sumdog.com>). On Sumdog, students can play games to practice hundreds of topics. I have already created an account for your child, and I hope that you will help them log in and use the website at home.

Their account information is:

Username:

Password:

School code:

They should log into their account from the Sumdog main page. Once they have done this, they will automatically be taken to the student homepage. They can select a topic by clicking on the green box on the left-hand side of the screen. The games will then ask them questions based on the topic selected. If no topics have been selected, Sumdog will learn from their answers and adapt the questions to suit their level.
