TERM 2

Last term was a busy but exciting journey. We have started in our new space and are thoroughly enjoying it. If you have not yet had a look, feel free to come in before school or at 3pm to have a look at your child's new learning space.

LEARNING

For the first half of the term we are focussing on Science. The students will have a science project to complete at home. At school the students will be exposed to different scientific knowledge and terms.

HOMEWORK

To support our learning at school, from time to time teachers set homework that reflects the work our children do in their classes - things like reading, working on projects or research to assist topics being learnt in class.

When homework is set, it is meant to be for the child, meeting their specific learning needs.

Homework is neither mandatory or compulsory, however, if you require extra learning for your child at home, please speak with your child's teacher.

We expect every child to **read for at least 20min every night**

UNIFORM

There are still some students who need uniform or another T-shirt. NZ Uniforms supply our school uniforms. Uniforms can be purchased on-line or from their premises situated at:

28E Lambie Drive, Manukau . <http://koruschool.nzuniforms.com/>

If there is any problem in sourcing the uniform please see your child's teacher.

Thankyou
